FAMILY FOODS

America's Food Manufacturer

You can probably tell from the name—we're big on family around here.

Wald Family Foods is the result of strategic collaboration from Tony Wald and his sons, Bob and Tom. They worked closely together to form a new, expert manufacturer that oversees their three trusted companies, Taste Traditions, Mr. Sips and Deli International.

From gluten-free pizza to hearty, vegan soup, to beefy enchiladas, Wald Family Foods creates tasty menu options for every diet and every occasion.

As a business operated by a father and his sons, we believe you deserve to be treated like family, so we don't make

anything we wouldn't serve our own.

All our products are made in our three USDA-inspected, SQF-certified facilities using only the highest quality, best-tasting ingredients. Our streamlined production process ensures consistency, quality and efficiency every time. Plus, two of our facilities are certified gluten-free by the Celiac Support Association, making cross contamination a concern of the past.

Along with skillfully serving the food service industry, we have capabilities for private label, co-packaging, military, retail and more. We'll work with you individually to develop customizable packaging solutions that maximize value.

When you collaborate with Wald Family Foods, you're working with the absolute best. Our customer service is outstanding – we have an A+ rating with the Better Business Bureau and execute each order on-time, without errors, for incredibly competitive prices.

Taste Traditions, Mr. Sips and Deli International have joined forces to offer America a wide variety of blow-your-mind delicious products, all under the parent company Wald Family Foods. From Taste Traditions' hearty soups, pastas and Mexican selections, to Mr. Sips unbelievably tasty gluten-free entrees, to Deli International's bread and gluten-free pizzas, Wald Family Foods guarantees top-quality products across the board.

Our three USDA and FDA-certified facilities, two of which are certified gluten-free by the Celiac Support Association, are held to pristine standards and built to guarantee consistency and excellence in every category, every time. Plus, as a family owned and operated business, we'll provide expert customer service that makes you feel like one of our own. Get to know each of the three delicious brands operating under the trusted Wald Family Foods name—we guarantee you and your customers will taste the difference.

Our Taste Traditions brand serves up exceptional-quality soup, pasta and Mexican menu options. We offer 40 soup varieties and counting, many of which are gluten-free and available for retail. Our pastas and sauces guarantee the perfect liquid-to-solid ratio every time, and our flavorful Mexican specialties are served in convenient, customizable packaging.

Mr. Sips believes gluten-free doesn't have to mean flavor-free. Our cheesy individual pizzas and all-white-meat chicken chunks are the perfect solution for every food service environment. Our facilities are certified by the Celiac Support Association, but you won't believe these entrees are gluten-free!

Our Deli International brand is the largest gluten-free pizza manufacturer in the country, and with its wide selection and superb taste, it's easy to see why. DI also offers delicious, fresh-baked bread solutions, available both gluten-free and non-gluten-free.
